

MYMIX SBR 330

Multipurpose SBR Latex

Product Description :

MYMIX SBR 330 is a Styrene Butadiene Rubber Latex for improving adhesion strength of all types of cement based mortars with water and vapour resistant bonding properties

Advantages :

- Excellent adhesion to cement based mortars
- Improve the Flexural strength
- Lower shrinkage characteristics
- Improve the Tensile strength
- Multipurpose and Economical

Area of Application :

- Waterproofing and repairing structures
- Surface treatment and protecting
- Excellent choice to use concrete, glass bricks and high porous substrates

Surface Preparation :

All concrete substrates should be clean from dust, free from contamination, efflorescence and curing compounds

Application Method :

As a Bonding Agent :

- Add **MYMIX SBR 330** with Cement & Water to maintain ratio as per recommendation chart
- Mix thoroughly for homogenous mixture
- Apply one coats of mixture with brush as per site condition on the prepared concrete surfaces

For Waterproofing Coating :

- Add **MYMIX SBR 330** with Cement & Water to maintain ratio as per recommendation chart
- Mix thoroughly for homogenous mixture
- Apply two coats of mixture with brush as per site condition on the prepared substrate

As a Repair Mortar and Screed/Plaster :

- Add **MYMIX SBR 330** with Cement, Sand & Water to maintain ratio as per recommendation chart

- Mix thoroughly for homogenous mixture
- Wet the repair surface completely before application
- Apply one bond coat prior to repair

Working & Physical Properties :

Sr. No.	Testing Parameter	Specification
1	Colour	Milky White
2	Pot life	30-45 minutes
3	pH	8-10
4	Specific gravity	1.02 ± 0.01 gm/ml.
5	Solid content	32% ± 1
6	Time to Foot Traffic/Heavy Traffic	24 hrs. / 72 hrs.
7	Compressive strength	> 3000 PSI
8	Bonding/Tensile strength/Shear bond	> 250 PSI
9	Water absorption	> 5%

Mixing Recommendation Chart :

Application	Mixing Contents				Coverage
	SBR 330 in LTR.	Cement in kg.	Water in Ltr.	Sand in kg.	
As Bonding Agent	1	1.5	1	–	25-30 sq.ft/ltr
As Waterproofing	1	3	1	--	35-40 sq.ft/ltr
As Repair Mortar	1	5	5	15	As actual
As Screed/Plaster	1	5	5	20	As actual

Colour : Milky White

Storage : Store in a cool & dry place. Protect from direct sunlight.

Packing Detail : • Available in 200 ml, 500 ml, 1 Litre & 5 Litre
• Project pack available on demand

Shelf Life : 12 months from the date of manufacturing in unopen condition
