

# MYMIX SUPER LATEX 770

## High Quality Super Latex

### Product Description :

**MYMIX SUPER LATEX 770** is high quality super latex additive to be mixed with MYMIX UTA to provide strong bonding with high flexibility to various substrates

### Advantages :

- High bond strength
- Increases the qualities of cement mortar, concrete, ceramic tile & stone
- Excellent bonding properties
- Suitable for internal and external application

### Area of Application :

- Ceramic tile & stones on wooden and plywood application
- Cement mortar & screeds
- Can be used in plaster work as bond coat
- Can be used for old to new concrete substrate by bonding mortar
- Cement backer board • Gypsum wallboard • Cement terrazzo

### Surface Preparation :

All concrete surfaces should be clean from dust, free from contamination, efflorescence, and curing compounds

### Mixing :

- Add MYMIX Super Latex 770 in clean bucket & add MYMIX UTA
- Use approx. 7-8 ltrs for 25 kg bag.
- Mix by hand or slow speed stirrer to get a smooth and homogeneous mixture & wait for 5 mins.
- Remix and apply the materials with proper notched trowel.

### Application :

- Apply material to the recommended substrate with flat side of trowel
- Comb on additional material with the notched side
- Press the tile/stones within 15-20 min with a shuffling movement into the adhesive
- Check regularly to ensure that the back of the tile is in full contact with the adhesive
- Remove excess adhesive immediately from the joints
- The proper preparation of the surface will make the fixing easier and quicker ensuring a better finish

**Note :** For application on plywood surface kindly refer MYMIX Technical Data Sheet

### Working & Physical Properties :

Sr. No.	Testing Parameter	Specification
1	Colour	White
2	Pot life	4 hrs.
3	Open time	30 -40 min. (mixed with mortar)
4	Time to Foot Traffic /Time to Heavy Traffic	24 hrs. / 72 hrs.
5	Coverage	50-60 sq ft per 5 litre
6	Compressive strength	> 2500 PSI (After 28 days)
7	Bonding strength	>200 PSI (After 28 days)
8	Water absorption	> 10%
9	Remarks	Application with MYMIX UTA

**Colour :** Milky White

**Storage :** Store in a cool & dry place. Protect from direct sunlight.

**Packing Detail :** • Available in 1 Litre & 5 Litre  
• Project pack available on demand

**Shelf Life :** 12 months from the date of manufacturing in unopen condition
